Welcome to American Vehicle's rating and issuance system! This system will allow you to rate, receive approval, and print a completed application, endorsement or renew policies in just minutes. This is a tool given to the agent to streamline their general liability contractor's book of business so that the agent can get back to what is important….SALES! This system also allows the Broker/General Agent to approve and issue policies right on line~ no more waiting for policies in the mail! Now you can go right on line and print the entire policy package and mail it to the insured in a fraction of the time it used to take to receive it by snail mail! You will also be able to issue Certificates of Insurance for the insured in minutes, giving your client the service that they deserve!

This manual is meant as a step-by-step tutorial, so that when you return to your agency and are set up, you may feel comfortable in the use of the system.

Your User ID and Password into the system will be issued on-line and your Broker/General Agency will be contacting you to give you access to the system. Make sure to keep this information confidential, as your client information will be only as secure as your sign-in information. Once you have received the User ID and Password, write it in the space below as a reminder and assistance to your office staff. Please be sure to change your Password regularly to ensure security of your client data.

Thank you for your continued business and we hope this system provides your agency with a convenient and functional tool to expand your artisan contractor's book for the future!

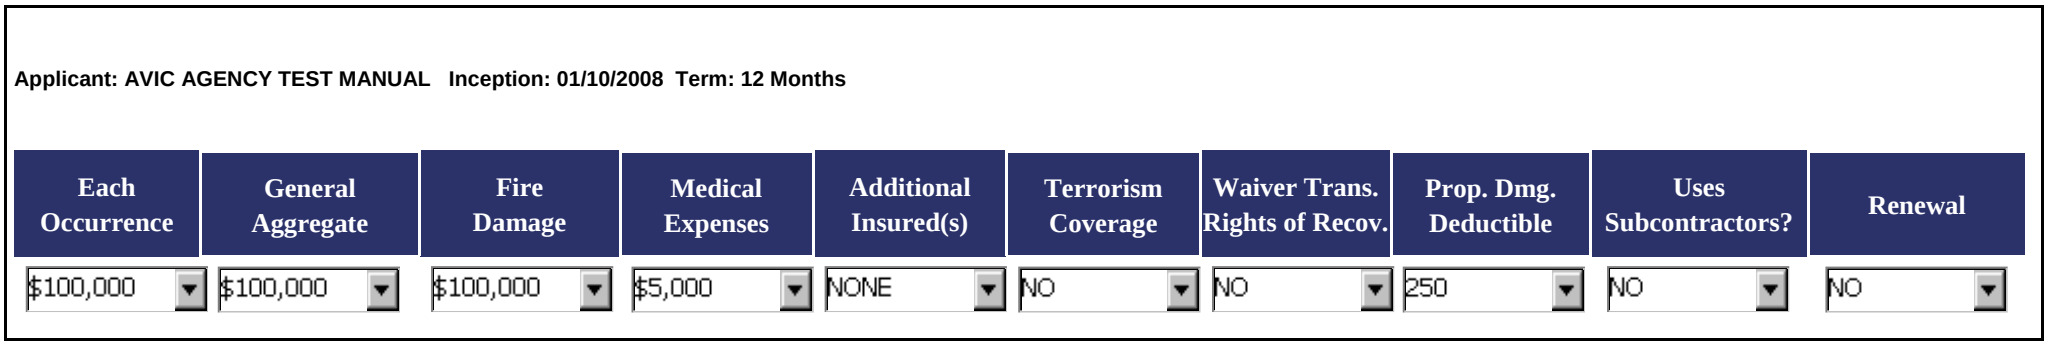
ENTERING LIMITS OF COVERAGE

This section is where the user defines the coverage for the policy to be rated. Although American Vehicle's underwriting criteria has been programmed into this system, please refer to the underwriting guide for all acceptable risks and rules, as they will apply to the policy according to the manual and not the system



Each Occurrence: This is the limit that will apply to the policy per occurrence. Click on the drop down box for selection.

General Aggregate: This is the limit that will apply to the policy as an aggregate. Click on the drop down box for selection.

Fire Damage: American Vehicle writes a Fire Damage limit of $100,000 per policy. This is a set limit on the policy and cannot be modified, see manual.

Medical Expenses: American Vehicle writes a Medical Expense limit of $5000 per policy on the Artisan program. This is a set limit and cannot be modified, see manual.

Additional Insured: Click on the down arrow for selection. For an individual charge per additional insured, choose "yes", otherwise, you may choose "blanket" indicating a fee specific to your state, to cover several additional insured's during the policy period, and further instruction will follow. .

Terrorism Coverage: Click on the down arrow for selection. Selecting "yes" on the policy will affect a fee refer to manual for specific rate of the total policy premium in the final rate.

Waiver of Transfer of Rights of Recovery: Click on the down arrow for selection. This section is also known as Waiver of Subrogation and will affect a fee of 5% of the total provisional policy premium in the final rate. You will need to assign the Additional Insured that is affected by the Waiver later on in the system.

Property Damage Deductible: Click on the down arrow for selection. This deductible will apply **PER CLAIM** and certain classes mandate a minimum deductible of $500. Please refer to manual or follow computer instruction for proper rating.

Uses Subcontractors: Click on down arrow for selection. If a prospect utilizes the services of subcontractors, select "yes" and further instruction will follow for total cost and classes to be applied.

Renewal: Click on the down arrow for selection.

PAYROLL

In this section, the user will define the payroll for the risk being rated. *Husband and wife operations may be rated as 1 owner/ officer or partner.

		Payroll
Number of Owners, Officers or Partners	1	16700
Number of Full-time Employees (Not Temp or Leased)	0	
Number of Part-time, Temp or Leased Employees	0	

Number of Owners, Officers or Partners: Click on drop down and select. The payroll is automatically calculated for each number selected. See manual for mandatory payroll applicable in your state. This number can not be modified.

Number of Full-time Employees: Click on drop down and select. The ACTUAL payroll for the next 12 months for all full-time employees must be entered in the box next to the selection. This number must be accurate to avoid rating and audit issued in the future.

Number of Part-time, Temp or Leased Employees: Click on drop down and select. The ACTUAL payroll for the next 12 months for all part-time, temp or leased employees must be entered in the box next to the selection. This number must be accurate to avoid rating and audit issued in the future.

CLASSIFICATION SELECTION

This section defines the classifications for the policy being rated. It is important to list all applicable classes as there is a Classification Limitation Endorsement that applies to every policy (see manual.) *For one person payroll, charge highest rated classification. The remodeling and handyman classifications should be stand alone classifications. You may list only 5 total classifications as American Vehicle Insurance Company feels any additional classifications constitutes a General Contractor and American Vehicle Insurance Company does not cover anyone acting as a General Contractor.

Location	Classification		Payroll Per Class	Premises/ Operations Coverage	Products Coverage
1	JANITORIAL SERVICES	96816	16700	YES	YES
